

It was reported at the *Mental Health Supports for Children* training yesterday, that some Case Managers are having problems with some of the fields in the **470-4211.dot** (*Children's Mental Health Waiver Assessment* form) template. This problem has now been corrected by Ronda Yeager.

**Please Note:** The form revision date will remain “3/06” since the form has not changed, *however* a new *template* for this form will need to be used.

- For DHS Case Managers it is available in two locations:
  - Public Folders / All Public Folders / State Approved Forms / **Income Maintenance** / 470-4211.dot
  - Public Folders / All Public Folders / State Approved Forms / **Service** / 470-4211.dot

- For *non*-DHS Case Managers: contact Ronda Yeager (ryeager@dhs.state.ia.us).
